Students must complete all pre-major courses in Areas A and B with a 2.5 or higher UC grade point average. Courses in Area C must be completed with a grade of “C” or higher. Entry into the pre-major does not guarantee admission to full major status. While completing this required preparation, students will be classified as pre-majors.

Upon satisfactory completion of the pre-major requirements, the student must complete a change of major petition in the Department of Mathematics, 6607 South Hall, or in the Department of Statistics and Applied Probability, 5607A South Hall, and obtain the appropriate signatures.
