PRE-BUSINESS ECONOMICS MAJOR, B.A. - 2003-2004

In order to qualify for admission into the Business Economics or Economics majors, the student must complete the following courses with a UC grade-point average of 2.70 or above.* While completing this required preparation, the student will be classified as a Pre-Economics/Business Economics Major. Acceptance into the pre-major does not guarantee admission to full major status.

The pre-major GPA is calculated on the basis of grades earned in Economics courses and PSTAT 5E or 120A. Grades in Mathematics and Writing courses MUST be a "C" or higher and will not be used in computation of the pre-major GPA, but they will apply to the overall major GPA. Writing 109EC or 109SS or 109AC need not be completed prior to declaration of the full major.

PRE-MAJOR REQUIREMENTS

Economics 1 and 2 (Economics 109 may be taken by petition only) ............................................... 4 or 8____
Economics 3A ....................................................................................................................................... 4____
Economics 3B ....................................................................................................................................... 4____
PSTAT 5E or PSTAT 120A ................................................................................................................ 4 or 5____
Math 3AB or 34AB** .................................................................................................................................. 8____
Writing 109EC or 109SS or 109AC ........................................................................................................ 4____

Upon satisfactory completion of the above courses, the student should complete a change of major petition in the Department of Economics, 2121 North Hall, and obtain the appropriate signatures. At that time, the student must declare the specific major option (Business Economics or Economics).

Note: PSTAT 5E or PSTAT 120A must be completed before a student can enroll in Economics 100A, 100B, or 101.

Economics 109 will not count toward the upper-division major.

Pre-majors who have completed two or more pre-major courses must maintain a continuous 2.00 grade point average in pre-major courses completed.

* Only the first repeat of any pre-major course will be accepted by the Department of Economics in determining admission into the full major.

** Math 3A and 3B are prerequisites for some UD economics courses. See the General Catalog.

MAJOR REGULATIONS

PREREQUISITES Check the General Catalog for the prerequisites to all listed courses.
P/NP GRADING OPTION Not allowed for any major course (Prep or UD major), including courses applied to the major from other departments.
